

Corona increases equity in Spargos Reward Project

- **Corona moves to 65% equity in Spargos Reward Project tenements, Mithril resources moves to 35%**
- **Corona elects to earn 85% equity of the projects by sole funding a positive scoping study on a JORC reportable resource**

Corona Minerals Ltd (“Corona”, “the company”) is pleased to advise that the company has increased its equity in the Spargos Reward Gold project by completing stage 1 of the farmin agreement where \$150,000 was to be expended on exploration activities. Corona has elected to progress to stage 2 of the farmin agreement whereby Corona has to complete a positive scoping study on a JORC reportable resource.

On behalf of the board,

Terrence Allen
